AUGUST'S FATAL SUN.

Intense Heat Brings Death or Insanity to Many.

NEW YORK'S LIST OF VICTIMS.

Continued High Temperature Throughout the Country Has Exceeded the Record of Many Years—Fatalities and Doubtful Prostrations Are Reported From Many Points—Drouth Broken at Little Rock.

NEW YORK, Aug. 10.—Fifty persons died in the Greater New York district as a result of the extreme hot weather. Over 100 cases of prostrations have been reported in the territory embracing New York city, Brooklyn and Staten Island. A number of these cases the physicians believe will prove fatal.

In New York city alone 40 persons are known to have perished because of the extreme high temperature. The list of persons who suffered from sunstroke and who are now at their homes or at the hospitals in charge of the physicians will reach 70.

The sixth day of the death-dealing weather did not reach by one degree the maximum temperature of several of the preceding days, the highest point touched by the official mercury being 91 degrees. Many thermometers, however, not so fortunately located, showed a range from 97 to 105 degrees. At 11 o'clock last night there was a heavy local storm and the temperature dropped 5 degrees in about as many minutes.

The wind blew 46 miles an hour during this storm. The storm seemed to have little effect upon the general conditions and soon after it ceased the mercury commenced to rise once more.

A number of fatal cases of sunstroke have been reported from Brooklyn. Niles Fallon, aged 35, died yesterday morning, the result of prostration, due to intense heat.

Daniel Skelley was found dead in his room in Hudson street. His death is said to have been due to heat exhaustion.

Martin J. Ruth, aged 32, died at his home before an ambulance could be removed to a hospital could reach him.

Henry J. Clinton, aged 52, was attending a meeting of the Holy Name society, when he was overcome by the heat and fell from his chair and died.

John Arnold, Andrew Debois, Edward Dooley, John Kelleher and Charles McCauley, Brooklyn citizens, died yesterday.

Ten persons prostrated by the heat have been reported. Some of them may not recover.

CHICAGO, Aug. 10.—Again yesterday the sun scorched this city and the records of deaths and prostrations will approach those of Friday. The fatal cases of sunstroke up to 10 o'clock numbered six, while several others were not expected to live. The prostrations of not a very serious character were over 30. Many people were mentally affected, and on one of the bridges the police had a hard struggle with a Swede of giant strength, who attempted to throw people into the river. The heat had made him crazy. The temperature indicated many peculiarities during the day. The lowest point marked was 76 degrees at 11 o'clock, and the mercury remained almost stationary at that figure until 2 o'clock. At 3 o'clock it jumped to 86 and at 5 o'clock it was 93, the highest mark touched. While the highest point was five degrees less than that of Friday, the people suffered just as much and the fatalities show that the heat was equally dangerous to life.

Pittsburg's Record.
PITTSBURG, Aug. 10.—Thomas, Ed-

wards, a city employee, died at the South Side hospital at 1 a. m. Sunday in terrible agony as a result of sunstroke. Edwards' death makes two fatalities during the week. Within the same period there were four prostrations. The thunderstorm last evening was a happy relief from as hot a day as this summer has produced. For the second time the thermometer registered 93 degrees, the first time being last Thursday afternoon.

Had it not been Sunday, when most men were idle, many heat prostrations must have resulted. No case of sunstroke was reported during the afternoon.

From 7 to 8 o'clock there was a fall of 18 degrees in the temperature. At the same time the barometer rose rapidly, the atmosphere became pure and bracing and the spirits of humanity rose.

MILITIAMEN OVERCOME.

CLEVELAND, Aug. 10.—The heat was intense here yesterday. At 7 o'clock in the morning the mercury stood at 80, at 3 p. m. it had risen to 93 and at 7 last evening it was still at 88. Three prostrations were reported. The victims were Robert Fitzgerald of 26 Wales street, aged 38 years, who is dead; Frank Bragna of Broadway, who is unconscious and will die, and William Kaiser of Champlain street, aged 37, who is unconscious, but may recover. Fitzgerald and Bragna were employed in a blast furnace when stricken.

During dress parade at the national guard encampment in the afternoon, 50 militiamen were prostrated by the heat. All the men will recover.

DROUTH BROKEN.

LITTLE ROCK, Aug. 10.—The long continued drouth in this immediate vicinity was broken by a light rain Sunday afternoon. The temperature, which for the past 10 days has ranged above the 100 mark, fell to 74 and the indications are that there will be more rain before morning.

During the past week the weather has been the hottest ever known here since the establishment of the local weather bureau, the temperature in the Little Rock district averaging the highest in the United States. Twelve or 15 fatalities of prostration have occurred.

RAPIDLY BOUNDED.

BOSTON, Aug. 10.—After a week in which the east wind played a prominent part in keeping down the heat, Boston was treated to scorching day. The day was the most uncomfortable this summer. The thermometer which at dawn was at 70, rose rapidly until 3 o'clock when it touched 92, and for two hours remained above 90. The heat is still oppressive and is severely felt in the crowded tenement districts in the north and west ends of the city. But few prostrations are reported by the police.

AT MILWAUKEE.

MILWAUKEE, Aug. 10.—Ninety was the highest point touched by the mercury Sunday, a heavy rain lowering the temperature several degrees and causing a break in the five days of hottest weather Milwaukee has experienced since 1872. No prostrations or deaths were reported. During the week the death rate in the city has more than doubled, owing, physicians say, to the extreme heat. Fatal cases of sunstroke in the city and vicinity number eight to date.

THREE DEATHS.

NEWARK, N. J., Aug. 10.—The heat yesterday was responsible for the death of three persons in this city, Charles Zahn, Joseph Ostreiter and "Joe," a German laborer employed in Haueks brewery. Half a dozen cases of serious prostration was also reported.

Mrs. Mary Habel, aged 45, died in Jersey City yesterday of heat prostration. Ten additional cases of sunstroke, some of which may prove fatal, was reported to the police.

AT BALTIMORE.

BALTIMORE, Aug. 10.—The heat here yesterday was well nigh unbearable. The maximum was reached between 4 and 5 p. m., 97 degrees being registered. Within the past 24 hours there have been reported 19 fatalities and over 30 prostrations.

AT WASHINGTON.

WASHINGTON, Aug. 10.—Three deaths from heat occurred here yesterday, making the death list six since the present hot spell began. Aside from the fatalities there were many prostrations. The maximum temperature for the day was 98.

NEARLY 100 IN THE SHADE.

SPRINGFIELD, Mass., Aug. 10.—Yesterday was the hottest in this city for several days. The thermometer registered 98 degrees in the shade. In Holyoke it was 98 at noon and had fallen 8 degrees by 3 o'clock p. m.

SUCCUMBED AT NOON.

MEMPHIS, Aug. 10.—The warm wave continues here. There was one fatal prostration from the intense heat yesterday. John T. Bishop, manager of a heading establishment, succumbed at noon and died two hours later.

DIED ON DUTY.

SAN ANTONIO, Tex., Aug. 10.—John Kuefner, inspector of sewer works, died yesterday from the effects of the heat. Kuefner fell down while on duty in the open sun, the thermometer registering 86 in the shade.

AT PHILADELPHIA.

PHILADELPHIA, Aug. 10.—There were 18 deaths and 30 prostrations from heat in this city yesterday. It was the hottest day this year, the thermometers registering 96.2 at 4:30.

SIGNALLY REPULSED.

Spain's Army Comes to Grief Near Bayamo and Santiago.

HOLGUIN BESEIGED BY AMAZONS.

Over 500 Spanish Soldiers Either Killed, Wounded or Missing—Two Hundred Spanish Volunteers at Manzanillo Desert and Join the Insurgents—Guns and Ammunition Captured.

KEY WEST, Aug. 10.—In a great battle fought near Bayamo, province of Santiago de Cuba, the Spaniards were overwhelmingly defeated, sustaining a loss of over 500 killed, wounded or missing.

Advices received from Havana last night state that the battle occurred on Aug. 3, but the Spanish authorities have given orders to suppress all details of the disaster. It seems that Rabi, the Cuban chief, with 1,800 men, was encamped near Bayamo. Several convoys of provisions and ammunition for the Spanish garrison in Bayamo were taken by Rabi's forces, and the Cubans finally became so aggressive that Colonel Sigura determined to disperse them with 2,000 Spaniards. Colonel Sigura marched against Rabi on Aug. 2. The column was provided with several Howitzer and Gatling guns.

On Aug. 3 the Spaniards approached the Cubans, who were strongly entrenched, and immediately gave battle. Sigura led his men repeatedly against the Cubans, but the latter, protected by their entrenchments, poured in a deadly fire and easily drove back the Spaniards. When the Spaniards were falling back after the last charge in great confusion Rabi ordered his men to advance, throwing aside their guns. After firing the last volley the Cubans dashed upon the broken Spanish column with the machete. The charge of the Cubans swept everything before it, and the Spaniards fled in utter rout.

The Spaniards were pursued almost to Bayamo, and reached the city completely exhausted. The Cubans did fearful execution with the machete. From their camp almost to Bayamo the route was marked by Spaniards with heads cloven or arms lopped off.

The Spanish loss in killed is estimated at about 200, while over 300 were wounded.

The Spaniards also lost their mountain howitzers and Gatling guns, besides rifles and ammunition.

The Spanish authorities in Havana have been informed that the city of Holguin is besieged by Cubans, and that the garrison can not hold out much longer.

Irene Munoz and her company of Amazons form a part of the besieging forces. The Spaniards have made several desperate sorties, but were driven back. The Amazons took part in these engagements and fought gallantly.

At Manzanillo Major Robljo and Captain Roventos of the Spanish volunteers have been arrested by order of Captain General Weyler, who claims he has evidence the officers have been in correspondence with Gomez and were preparing to betray the city and Spanish garrison to the Cubans. Since the arrests nearly 200 Spanish volunteers at Manzanillo have deserted and joined the insurgents. Robljo and Roventos will be court-martialed. The men are members of powerful families, and if they are shot it is predicted that their relatives will fan the flames of revolt against Spain in eastern Cuba.

NEAR SANTIAGO

The Spaniards Sustain Another Crushing Defeat.

NEW YORK, Aug. 10.—Passengers arriving by the Niagara report that the Spanish troops suffered a crushing defeat in the battle fought near Santiago on Tuesday, July 28. The Spaniards were ordered to attack the insurgents and three bodies were ordered to leave Manzanillo, Guantanamo and Santiago, respectively, and to march on the insurgents, who were supposed to be a short distance from the city of Santiago. On the approach of the first Spanish column the news was brought to the insurgents that the army was approaching. Generals Gomez and Garcia immediately gathered their troops and succeeded in engaging each column before they could effect a junction. The Spaniards met a crushing defeat, leaving numerous dead and wounded on the battlefield. The hospitals and private houses at Santiago were reported filled with wounded Spanish troops.

LEAPED FROM A SCYTHE.

Lightning Struck Robert Douglass and Blinded Him.

ORRVILLE, O., Aug. 10.—Robert Douglass was struck by lightning at his home, three miles southeast of here, and he now lies in a precarious condition. He was in the lane near his home, when his wife said: "You had better come in, or the lightning might strike you." He said: "I guess not." No sooner had he spoken than he fell to the ground. He has lost his sight, and his life is in danger. The bolt struck the blade of a scythe which he held. It burned a hole in the crown of his hat, burned his hair off and made a cut down his head and neck to his shoulder.

CHATTANOOGA, Aug. 10.—A private message from Robbins, Tenn., says that two men were shot and killed there last night. It seems that they were riding on a Cincinnati Southern train, and got into a difficulty with women. The conductor and entire crew were placed under arrest, it is reported.

MONDAY, SEPT. 1.

Friends of Labor Are Requested to Observe—Legal Holiday.

COLUMBUS, O., Aug. 10.—Governor Bushnell Saturday issued the following:

Labor day proclamation—The first Monday in September having been designated by legislative enactment, and by common custom, as a day to be devoted to such exercises and recreation as will further honor and profit labor, and also direct special attention to the masses who constitute one of the very strongest shows of our life:

Therefore, I, Asa S. Bushnell, governor of the state of Ohio, do hereby remind all that Monday, Sept. 7, is, according to law, to be observed as Labor day, and, in recognition of the eminent propriety of a holiday which will benefit the laboring men and women and their children, I suggest that there be general observance of the occasion as possible, to the end that the lesson taught by honest labor may sink more deeply into the hearts of all.

In testimony whereof I have hereunto subscribed my name and caused the great seal of the state of Ohio to be affixed, at Columbus, the 8th day of August, in the year of Our Lord one thousand eight hundred and ninety-six, and in the hundred and twenty-first year of the independence of the United States of America.

INDIANA WOMEN

Meet in Conference and Talk of Missionary Work.

LACONIER, Ind., Aug. 10.—The fourth annual convention of the Woman's Missionary society of the Indiana conference branch of the Evangelical church convened at Syracuse Saturday. The convention was formally opened by President Mrs. S. H. Baumgarten of Fort Wayne. A business session followed. The reports of the officers of the body showed the past year to have been one of material progress. Mrs. Nading of Logansport gave an address pertinent to the work of women in the church. Mrs. E. F. Killmet of Dayton, O., spoke on the theme, "What is the Present Condition of the Missionary Field?"

Mrs. William Class of Dayton discussed "How Can We Most Effectually Enlist the Co-operation of Children in Missionary Work?" D. Blanche Kelley of Elkhart aptly compared the missionary zeal of Paul with the work of missions today. Mrs. S. S. Albert and Lucy Holdman of Elkhart presented papers on systematic giving. The address of Mrs. E. M. Spreng of Cleveland closed the convention.

ATTACHED

Funds of Banigan and Woonsocket Rubber Company.

PROVIDENCE, Aug. 10.—Attachments were levied Saturday on the funds of the Woonsocket Rubber company in the hands of the Rhode Island Hospital Trust company, the Industrial Trust company and the Merchants' National bank of this city. The attachments were made at the instance of Joseph Banigan, late president of the United States Rubber company, who brings suit against the Woonsocket Rubber company to recover on a \$100,000 note held by him. Subsequently a writ of attachment in a suit for \$500,000, brought by the Woonsocket Rubber company against Joseph Banigan, lately its president, and also formerly president of the United States Rubber company, was issued.

The action is brought for alleged debts. Levy has been made on all of Mr. Banigan's real estate in this vicinity and also on his funds in banks here.

FIVE DROWNED.

Remarkable Rescue of One Man, Who Swam Nearly a Mile.

DETROIT, Aug. 10.—A heavy wind and thunderstorm swept over the city last evening resulting in the drowning of at least three men in the Detroit river, and several yachtsmen had extremely narrow escape after the capsizing of their craft. Two others were drowned during the afternoon from other causes.

Neil R. Powers was rescued after swimming nearly a mile from a capsized boat. Jeff Judd and a stranger, who were with Powers, were drowned. The capsizing of the boat, the *Cassair*, caused the drowning of Frank Hughes, the others of the crew were rescued. William J. Thiomer was drowned from the yacht *Alberta* yesterday afternoon. The harbor master and other searchers for Thiomer's body were later capsized, and saved only after a long struggle.

FIRE IS WILLING.

NEW YORK, Aug. 10.—Bob Fitzsimmons, in a letter to a friend, states that a representative of his will meet Tom Sharkey and his manager on their arrival here and endeavor to arrange for a four-round contest in Madison Square Garden before Sept. 1. Fitzsimmons says that if Sharkey will give him the opportunity he will undertake to do what Corbett failed to do.

THOUSANDS OF ACRES OF GRAIN BURNED.

PERRY, O. T., Aug. 10.—Prairie fires are raging in the Commanche Indian country southwest of here. Thousands of acres of grain have been swept by the flames, which are aided by the dry condition of vegetation. The fires follow a siege of hot winds which have parched vegetation and caused cattle to suffer. The thermometer has registered 108 degrees.

BARBOURVILLE, Ky., Aug. 10.—Parties just arrived from Stinking creek eight miles from here, report that a Pennsylvania oil company that is drilling a well at that place struck a fine flow of oil.

THREE ARE LYNCHED

Italian Murderers Swing From the Rafters of a Shed.

ALL WERE KILLED FOR MURDER.

One of the Men, Lorenzo Saladino, Foully Assassinated Jules Gueymard Last Thursday Night and the Other Two Were Decino Soreoro and Angelo Marcuso, Who Murdered an Old Spaniard.

HAHNVILLE, La., Aug. 10.—There was a triple lynching in this town just before midnight and yesterday the bodies of three Italian murderers were found swinging from the rafters of a shed near the courthouse. One of the men is Lorenzo Saladino, who so foully assassinated Jules Gueymard, at Free-town, last Tuesday night, and the other two were Decino Soreoro and Angelo Marcuso, who murdered an old Spaniard on the Ashton plantation, near Boutte station, some time ago.

Ever since the murder of Gueymard this parish has been in a fever heat of excitement over the affair and even on the first night after the murder it was with great difficulty that Sheriff Ory prevented the lynching of Saladino. He spirited him away in the woods and kept him there over night and the next day took him to the new jail in Hahnville. In the meantime the evidence grew against Saladino and feeling correspondingly grew in intensity.

About 11:30 last night, the mob which had concentrated on the outskirts of the town, began to move on the jail. They captured the old negro guard and by vigorous use of axes, with which they were well supplied, soon demolished the jail and cell doors and took the prisoners out and executed them.

Lorenzo Saladino was charged with the murder of Jules Gueymard, one of the prominent planters and merchants of that section. The murder occurred on Tuesday night at Free-town, in St. Charles parish, just a short distance from the river bank. Mr. Gueymard was on the gallery with several friends playing cards while waiting the arrival of a boat with some freight. When the whistle of the boat blew, Mr. Gueymard arose to go to meet her, and as soon as he was a few feet away from his party a shot was fired. It was from a shotgun loaded with all sorts of missiles and the lead struck him full in the throat, almost tearing his head from his body, killing him instantly, besides wounding Mr. Robert Espenard, a New Orleans engineer, in the arm.

Search for the murderer was made, but he was not found.

The shot was fired from behind a tree at the edge of the road and the assassin escaped through the thick growth.

Suspicion pointed to the Sicilian, who bears a bad character. He had threatened Mr. Gueymard's life because the latter testified against him in a suit brought because Saladino endeavored to defraud New Orleans creditors. A visit to his house revealed his shotgun which he said had not been fired in three months. One barrel was found freshly discharged. While he was not told of the charge against him, he disclaimed the killing. Later on, an old Italian woman, arrested at his place, confessed that Saladino, when he returned home that night, said: "I got him."

Saladino would have been lynched that night but for Sheriff Ory, who hid his prisoner in the woods.

The crime for which the two other Italians were hung was the wanton and cowardly murder of an old Spaniard on the Ashton plantation near Boutte station. The incentive to the crime in this instance was that the old Spaniard was their rival in the business of gathering moss. They had frequently threatened his life.

RUN DOWN

A Gang of Successful Swindlers at Chicago.

CHICAGO, Aug. 10.—The civic federation has unearthed one of the most gigantic swindling schemes since the days of Fund W. With the co-operation of the postal inspectors the gang has been run down. During the past year, on the conservative estimate of John Hill, Jr., of the board of trade and chairman of the civic federation's gambling committee, it secured by its swindling operations \$750,000.

The gang was composed of W. H. McClure, James F. McClure, Dr. James Craig, William A. Thomas, John I. Tolman.

Thomas and James McClure and Tolman are under arrest. W. H. McClure and Dr. Craig are in New York, and a telegram from there was received announcing that the men had been located and their arrest was but a question of a few hours.

The gang has been operating in the commission business. They have done business under the following names and firm titles: Craig & Company, Pattison & Company, Thomas & Company, John I. Tolman & Company, American commission company, Price & Company, J. E. Morgan & Company, La Belle Mining and Milling company.

STEAMER LOST.

CHICAGO, Aug. 10.—Steamer Bloomer Girl, bound from Whitefish bay for Milwaukee, it is rumored, was lost last evening in a storm which raged off the latter place. She was due there at 11 o'clock and at 2 o'clock had not been heard of. She had an excursion party of about 200 on board.

FINDLAY, O., Aug. 10.—The Taylor school building was badly damaged by fire Saturday. Loss, \$5,000. Fully insured.

WELL! WELL!! HOW'S THIS, BR'ER DAVIS?

The Winchester Sun publishes the following which makes very interesting reading just now. We commend this to Br'er Davis' most prayerful consideration:

We call the attention of our readers to the following extract from the Campaign Book of the National League of Republican Clubs, entitled "The Principles and Policies of the Republican Party." See pages 53 and 54:

"There is a grave danger in the unqualified adoption of the gold standard. For, as silver has been taken out of Europe's coinage, the demand for gold has enormously grown, and grown in a proportion much greater than the supply. Measuring both metals by the standard of commodities, it is substantially true that 'gold has appreciated much more than silver has depreciated.' In the silver-using countries silver will buy almost as much of everything except gold as it would ten or a dozen years ago, and this fact sustains the demand for 'cheaper money.' The advocates of the gold standard allege that the value of gold is intrinsic, and that a certain quantity of gold bullion having a fixed value should be the standard of exchange. This would all be well enough if any one were able to insure that the supply of gold would continually increase in ratio with the increasing demand for it, caused by a growing population and commerce. But, as a matter of fact, it is decreasing in that ratio, and therefore a man who ten years ago contracted a debt which might then have been discharged with a thousand bushels of wheat, must to-day pay many more than a thousand bushels to get himself free.

"The meaning of this is clear. The capitalist can increase his wealth by simply converting it into gold, putting in a vault and holding it idle for a series of years. At the end of ten years it will buy more provisions and more labor than it would when he stored it. As the supply of gold contracts everybody must work harder to get it.

"It is plain that a debtor is entitled to discharge his obligations for a value precisely similar to that he originally obtained. He can not do this if the money in which his loan is compulsively payable increases between the date of its making and the date of its payment. Measured in gold all obligations have thus increased in a very short period of time. The creditor class enjoys, therefore, a vast advantage over the debtor class. The men who work for a living and who consume their earnings year by year are placed in a most unfair position."

SEVEN FACTS.

Ten years ago to-day, the Louisville Courier-Journal published the following:

First.—That the demonetization of silver, which has prevailed up to this writing, both in the United States and Europe, has had the effect of advancing the value of gold about 40 per cent.

Second.—That this has been accomplished by depressing the value of all other property to that extent.

Third.—That about 40 per cent. of the property and producing resources of the people have thus been transferred to a comparatively small class of men, whose stock in trade is gold investments.

Fourth.—That in the exact proportion as gold has risen the burden of debt and taxation had increased, and that in proportion as property and labor have declined the capacity of the people to pay their debts and taxes has diminished.

Fifth.—That the silver discount is creating a bonus of more than 30 per cent. in favor of the farm productions of India and Asia, which to that extent cheapens the wheat, cotton and various other productions of the United States.

Sixth.—That these lamentable conditions have been produced by anti-silver legislation.

Seventh.—That they can be undone and prosperity restored by pro-silver legislation.

Before the Courier-Journal says any more against Bryan and the Chicago platform it ought to give some explanation of its talk ten years ago.

The editor of the Public Ledger seems to be greatly worried because the Bulletin is supporting Bryan and Sewall.

River News.

Merit in medicine means the power to cure, Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

THE CONGRESSIONAL RACE.

Col. W. LaRue Thomas Looks a Sure Winner—Result of the County Conventions Last Saturday.

With the exception of Mason, all the counties in the Ninth Congressional district held mass meetings Saturday afternoon to select delegates to the district convention that meets in this city next Wednesday. In Mason precinct meetings were held to select delegates to a county convention this afternoon when delegates will be chosen to the district convention.

The result of Saturday's conventions is a victory for Col. W. LaRue Thomas, Mason County's candidate for the nomination.

The result of the precinct meetings in Mason insures Mr. Thomas the delegation from this county. So far as heard from all the precincts instructed for him, Dover instructed for Hon. John B. Hiles as second choice.

Lewis and Greenup instructed for Col. Thomas, and Lawrence instructed for him as second choice, Hager of Boyd getting first instructions in Lawrence.

Boyd instructed for Hager, Rowan for Dr. Carter, Fleming for Hon. James P. Allen, Harrison for Dr. Higgins C. Smith and Bracken for Hon. John B. Hiles.

Carter, Bath, Nicholas and Robertson send uninstructed delegations. Robertson County is said to be for Hon. Hanson Kennedy for first choice and Dr. Smith, second.

Summing up the result it shows the following:

FOR THOMAS.	
Mason	11
Lewis	5
Greenup	5
Total	21
FOR HAGER.	
Boyd	7
Lawrence	9
Total	16
FOR CARTER.	
Rowan	2
FOR SMITH.	
Harrison	11
FOR ALLEN.	
Fleming	5
FOR HILES.	
Bracken	6
UNINSTRUCTED.	
Nicholas	7
Robertson	2
Carter	7
Bath	7
Total	23

It will require forty-four votes to nominate, and Colonel Thomas' friends are confident he will win. It's the field against him, and they say he has enough first and second instructions and promised votes to prevent any combination to defeat him.

The district convention will meet here next Wednesday at 11 a. m.

The precinct conventions in Mason passed off quietly. The county convention meets at 2 o'clock, sun time, this afternoon,—1:36 standard time.

STARTLING

Are These Figures, Showing the Freer Silver Sentiment in Indiana.

[Cincinnati Enquirer.]

One of the most powerful organizations in this country is the Farmers' Mutual Benefit Association, which has 50,000 members in the State of Indiana alone. In a letter received by the Enquirer from W. H. Boyle, First Assistant Secretary of the Indiana branch of the great order, he gives over his own signature some startling facts as to the attitude of the voters on the silver question. He says:

"I am certain from the outlook that Bryan and free silver will carry Indiana by from 50,000 to 75,000 majority, and it would not surprise us to see it go to 100,000. Out of 50,000 farmers belonging to our society I find that they stand as follows: For silver, Republicans, 27,093; Democrats, 19,777; Populists, 2,100; Prohibitionists, 61. On the money question they stand as follows: For silver, Republicans, 27,093; Democrats, 19,777; Populists, 2,100; Prohibitionists, 31; For gold, Republicans, 428; Democrats, 541; Populists, none; Prohibitionists, 31."

Mr. Boyle expresses the belief that many of those now for gold will be won over before November. This is the most remarkable statement yet made in regard to the silver strength, but is vouched for by the Secretary of an all-powerful farmers' organization.

The doctor may be a good old man, but even so, medical examinations and the "local applications" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctors in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the "Ladies' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

HERB MEDICINE CO.

SPRINGFIELD, O.

WHAT ARE "DEMOCRATIC PRINCIPLES?"

A Member of the Party Has Some Questions He Wants Answered.

Editor of Bulletin: In your issue of August 7th, Mr. Charles D. Pearce, who has recently removed from Louisville to Maysville, claiming to be "Chairman of Mason County," gives notice of a "mass meeting to be held by Democrats of Mason County who adhere to Democratic principles, and are opposed to the declarations and doctrines of the recent Chicago convention, and to the election of Bryan and Sewall." Will Mr. Pearce please inform the Democrats of Mason County what are Democratic principles? Will he please answer and say whether or not the Democratic National convention recently held at Chicago, which was regularly called by the National Democratic Committee, and was regularly held, at which Bryan and Sewall were nominated by the decisive vote of two to one, was according to Democratic principles and usage? And will he please tell us whether it is according to Democratic doctrine that majorities shall rule in the politics of the United States?

And again,—If it is Democratic doctrine that majorities shall rule, how can he and the handful of bolters that he claims to be Chairman of, make any further claim to be Democrats when they set themselves up in opposition to the regular candidates of the Democratic party, with no hope of accomplishing anything more than to aid in the election of McKinley, and ruin? Hadn't they better take the short route to McKinleyism and vote straight out for him? And again,—Is it so much their love of Democratic doctrine and principle, as it is a desire to fasten the gold fallacy upon the people and to either rule or ruin, that prompts them to set at defiance the doctrines and usages of the party?

Finally,—Is it in accordance with Democratic principles or any moral principle or decent self respect for any man claiming to be a Democrat, who was present at and took part in a Mason County Democratic convention which selected delegates to the State convention at Lexington, in which they voted for a resolution which was adopted to endorse and approve the platform that was adopted at Chicago, regardless of whether it should be for gold or silver, and regardless of the ratio, to now bolt the party and make kickers of themselves? DEMOCRAT. August 8th, 1896.

RAILWAY BULLETIN.

Announcements of Excursions—Reduced Rates and Other Matters of Interest.

DEFERRING CAMP MEETING.

On above account the L. and N. railroad will sell round-trip tickets to Parkersburg August 6th to 17th at 50 cents.

On Sundays, August 9th and 16th, special trains will leave Maysville at 8 a. m. and 6 p. m. Fare on these days 75 round trip.

Those who are interested in the beauties and wonders of nature are charmed with Oligo-munk. It appeals only to the intelligent class. The ride over the picturesque C. and O. Ry. is worth much, but the tour into the heart of Honeycomb mountain is a revelation. The special train leaves C. and O. station every Sunday, Fourth street depot, Cincinnati, 8 and returns to the city promptly at 9:30 p. m. Only \$1 round trip.

The C. and O. will have on sale round trip tickets July 13th to September 30th, to the following points at rates named: Asheville, N. C., \$17.05; Ashland, Wis., \$20; Benton Harbor, Mich., \$13.05; Chautauque Lake Points, N. Y., \$15.75; Colorado Springs or Denver \$34; Duluth, Minn., \$24; Eureka Springs, Ark., \$29.60; Niagara Falls, N. Y., \$18.75; Petas Key, Mich., \$20.67; Put in Bay, O., \$10.55; Sandusky, O., \$9.35. Very cheap round trip rate to all the Virginia Springs \$18.75.

LAKE CHAUTAUQUE VIA THE BIG FOUR.

Excellent service is now given by the Big Four to Lake Chautauque. Leave Grand Central Depot, Cincinnati, via the Southwestern Limited at 6:30 p. m., arriving Chautauque 7:30 next morning. Rate from Maysville \$15.75.

Oligo-munk, every Sunday, C. and O. route, \$1 round trip. A beautiful ride for 100 miles along the Ohio. A wonderful trip along the Kinneconk, and an awe-inspiring tour into the heart of Honeycomb Mountains among the mysteries of thousands of years embodied in countless stalactites and stalagmites of fantastic forms. Novel, interesting and instructive. Go alone or make up a party. Special car and special guides for special parties. Leave Cincinnati, Fourth street depot 8 a. m., pass Maysville at 10 a. m., arrive at caves 12:30 noon. Leave caves 5 p. m., reach Cincinnati 9:15 p. m.

SUNDAY EXCURSION.

On Sunday, August 9th, the C. and O. will sell round-trip tickets Maysville to Cincinnati at rate of \$1.25. Tickets good going on No. 1 and No. 17, at 6:10 and 8:50 a. m. Good returning on No. 4 at 9:10 p. m.

LIMITED EXCURSION TO NANTMOTH CAVE AUGUST 18TH.

Train leaves Lexington at 8:15 a. m. Round trip \$8. All lines have named reduced rates to Lexington for those wishing to visit the cave. Low rates at Cave Hotel and Cave Fees. Send your name and address to J. P. Moore, General Agent, L. and N. R. Lexington, Ky., that you may purchase tickets at the reduced rates.

SEASHORE EXCURSION

Over picturesque Chesapeake and Ohio to Old Point Comfort. The annual excursion to the seashore is announced for Wednesday, August 5th; \$12.50 for the round-trip. Tickets will be good only on train No. 4, leaving Cincinnati 9:10 p. m. Stop overs will be granted at Richmond, Clifton Forge, Covington, Va., (Hot Springs), and White Sulphur Springs on the return trip. Tickets will be good to return until August 15th. This is the greatest excursion of the year—take a dip in the sea and enjoy the fishing and sailing it offers.

Mr. CAREY ANDLER, of Fleming County, will not remove to Virginia until after the November election, as he is an enthusiastic silver man and doesn't wish to lose his vote on so important a question.

GREAT SUFFERING

Endured by Negroes Who Went to Louisiana Under Contract.

MONROE, La., Aug. 10.—Letters received in this city tell harrowing tales of suffering experienced by a colony of Louisiana negroes in Guatemala, who were induced to go there last May to work on railroads. The letters say that four of their number have been killed and that those still alive are in a condition worse than slavery and they are anxious to return to their Louisiana homes.

Last May a number of young negro men in this vicinity and at Jacksonville contracted with agents to go to Central America to work on railroads. Flattering inducements were held out to them. They were promised high wages, easy work and splendid treatment.

The letters some of them have written home indicate that they were badly deceived. Henry Wind of Jacksonville received a letter from his brother yesterday dated at Panzoz, July 27, containing information that James Shaw, Willie Bradley, a boy named Sam and another whose name the writer did not know, had been killed near Panzoz while attempting to escape. The negroes employed on the railroad are guarded by soldiers of the Guatemalan government, are treated brutally, it is alleged, and receive scant rations and very small pay. Parson Ellis has received a letter from his son, Ennis, in which he tells tales of great suffering.

"CHINESE" GORDON STATUE.

Li Hung Chang Places a Wreath Upon Its Pedestal.

LONDON, Aug. 10.—Li Hung Chang Saturday proceeded to Trafalgar Square where one of the members of his suite placed a wreath upon the pedestal of the Gordon statue, which Li closely examined with an opera glass, after which he made a solemn and deep obeisance before it. The Chinese envoy's example was followed by his suite, and the crowd of on-lookers cheered. The wreath was inscribed:

"To the soldier and friend of China—a tribute of respect from Li Hung Chang."

The Chinese statesman then drove to St. Paul's cathedral and placed two wreaths upon General Gordon's cenotaph. A guard of honor furnished by the boys of the Gordon memorial home was drawn up at the cenotaph. Li said a few words through an interpreter to the boys and then departed. The large crowd which had gathered by the side of the cathedral raised their hats as the distinguished traveler passed.

Horses Drop.

LOUISVILLE, Aug. 10.—The maximum temperature yesterday was 97 degrees, Friday it was 98 and the average for the past 14 days has been over 95. There was but one death yesterday, but the mortality among horses was never so great in this city, the dead animal contractors having great difficulty in removing the carcasses promptly.

Heat Victims at Sistersville.

PARKERSBURG, W. Va., Aug. 10.—Saturday was the warmest day ever felt at Sistersville. The thermometer registered 107. The Carter Oil company had five teamsters who were sunstruck. Three fell prone upon the earth and foamed at the mouth like rabid dogs.

Dying From Pills.

COLUMBUS, O., Aug. 10.—A patent medicine advertising agent threw sample boxes of pills on the lawns of many residences here. Frank Hoff, the 3-year-old son of Fred Hoff, a well-known citizen, ate the entire contents of a box, thinking it was candy. At a late hour he is dying of poison in the pills.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

Situated on the Maysville and Burtonville turnpike, thirteen and a half miles from Maysville and two and a half from Burtonville. Two churches—one Reform and one Methodist, the farthest only a mile distant. A first-class school within half a mile.

The farm contains twenty-six acres, well fenced and well watered by three ponds and a good stream. A good house with five rooms stands back from the pike about fifty yards and is rolling from house to pike. Ruggles Camp Grounds about three-quarters of a mile distant. Orchard contains the following: forty-eight apple trees, 20 pear trees, 19 plum trees, 19 peach trees, 4 quince trees, 11 cherry trees and 1 acre of strawberries, Raspberries, Black Caps.

A splendid garden, paved in. In a good neighborhood. Two blacksmith shops, two stores and a grist mill. A good barn, smoke house, hen house and other outbuildings. The land lays well. A widow and want to leave, the reason for selling. Price \$550 cash, net.
